Ideal for both professionals and consumers.

	PALLETIZATION (80:120)
Carton of 20	150 cartons
Carton of 12 (individual pack only)	147 cartons

# MONITORING

## BLOCK AND PASTE

### MONITORING RODENT ACTIVITIES

Thanks to their attractive formulations, LIPHATECH monitoring baits (paste or block) are indispensable to track rodent activities, movements or presence in areas where conventional baits cannot be used.

Their enhanced formulations make them easy to change to baits when it is necessary for a quick consumption.

### INTEGRATED BAITING STRATEGY AS PLACEBO BAITS

Associated with AEGIS Trap Rat and AEGIS Mouse Trap, placebo baits will show the same advantages than other LIPHATECH baits with high palatability that will guide rodents directly in the traps.

	PALLETIZATION (80x120)
Bucket of 4 kg of 20g block	80 buckets
Bucket of 5 kg of 10g paste	80 buckets

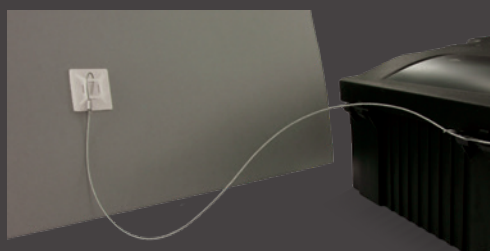

## ACCESSORIES

### AEGIS STICK & GO TETHERING CABLE

Bait stations securing cables - Easy to use and quick to install. Strong, flexible 40cm and 1m long. Reliably adheres to all clean surface - with the double sided tape.
